

**2021-2022**

## **Positive Behavior Interventions and Supports Framework**

### **What is PBIS: Positive Behavior Interventions and Supports?**

Positive Behavior Interventions and Supports (PBIS) is an approach to supporting students to be successful in schools. PBIS was developed from research in the fields of behavior theory and effective instruction. PBIS supports all students through intervention with a multitiered system ranging from a school-wide system (Tier 1) to a system for developing individualized plans for specific students (Tier 3). School-wide PBIS focuses on the development and implementation of pro-active procedures and practices to prevent problem behavior for all students and improve school climate.

### **Who are on the PBIS Teams?**

The PBIS teams are representative of the entire school staff across grade levels, classified staff, Special Education staff, etc. Teams are also encouraged to have a family member. Having a representative team will improve communication and feedback about PBIS programs in the school and should also improve involvement and buy-in throughout the school. The current PBIS teams consists of the following members:

- School Counselor/ PBIS Liaison
- Principal
- Intervention Specialist
- Grade Level Team representatives
- Family representative

## **Tier 1 Systems of Support**

All students at Wings Academy will have access to Tier 1 support. There are several formal and informal systems that Wings Academy uses to intervene with behavior at the Tier 1 level including school-wide rules, classroom rules and incentives, and the behavior matrix.

### **What are the responsibilities of the School-wide Tier 1 PBIS team?**

- Hold Tier 1 PBIS meetings on-site once per month to plan and coordinate school-wide behavior systems. The team is responsible for planning PBIS activities and programs (such as PBIS Kick-Off, acknowledgment systems, and booster lessons of school rules) and continually monitoring and updating PBIS programs.
- Attend meetings and training to promote the continuing development and maintenance of PBIS programs at your school.
- Present PBIS news at staff meetings to keep staff up to date with school PBIS programs and receive input and feedback from staff.
- The PBIS Team Leader is responsible for facilitating bi-monthly PBIS meetings on-site and being the liaison with the school's PBIS efforts.

### **Building-Wide Expectations**

At Wings Academy, *Our Children Soar*. The expectation is Safe, Outstanding, Active and Responsible. They are followed throughout the school building, with area- specific behaviors for each space in the school. School expectations are visibly posted throughout the school for students and staff. Examples include:

- **Safe:** Walking in hallways, hands and feet to self, calm body,
- **Outstanding:** Ready, receptive to new and different ideas, use appropriate language
- **Active:** Offer help, reach out to those in need, be friendly
- **Responsible:** Arrive on time, ask for help, raise your hand, return promptly to class

Students can earn rewards towards their Wings Wallet for positive behavior and following above mentioned expectations. Wings Wallet deposits are given by staff and can be collected for school-wide incentives or classroom rewards.

## **Behavior Matrix**

The behavior matrix displays how the Safe, Outstanding, Active and Responsible expectations should look throughout the school building. The expectations are area-specific and written in positive language to promote positive behaviors from students. The area-specific expectations will be posted at their location for students and staff to reference.

### **Wings Academy Teaching Expectations Matrix**

	<b>BE SAFE</b>	<b>BE OUTSTANDING</b>	<b>BE ACTIVE</b> (See additional page for specific active expectations)	<b>BE RESPONSIBLE</b>
<b>PLAYGROUND (Outside area)</b>	<ul style="list-style-type: none"> <li>*Use equipment appropriately</li> <li>*Keep hands, feet and objects to self</li> </ul>	<ul style="list-style-type: none"> <li>*Practice good sportsmanship</li> <li>*Take turns and share equipment</li> <li>*Follow teacher direction 1st time</li> <li>*Use appropriate language</li> </ul>	<ul style="list-style-type: none"> <li>*Show appreciation</li> <li>*Offer help</li> <li>*Be friendly</li> <li>*Reach out</li> </ul>	<ul style="list-style-type: none"> <li>*Line up at signal</li> <li>*Ask for a permission to leave area</li> </ul>
<b>HALLS</b>	<ul style="list-style-type: none"> <li>*Stay in line 2-6 feet of space</li> <li>*Use walking feet</li> <li>*Keep hands, feet and objects to self</li> </ul>	<ul style="list-style-type: none"> <li>*Keep hands off walls</li> <li>*Be quiet in halls and commons</li> <li>* Walk with a Level 0 voice</li> <li>*Follow teacher direction 1st time</li> </ul>	<ul style="list-style-type: none"> <li>*Show appreciation</li> <li>*Offer help</li> <li>*Be friendly</li> <li>*Reach out</li> </ul>	<ul style="list-style-type: none"> <li>*Go directly to where you need to go</li> <li>*Walk in a line on the right side of the hall</li> </ul>

<b>School Grounds</b>	<ul style="list-style-type: none"> <li>● Smile</li> <li>● Greet others when you arrive</li> <li>● Wave, say goodbye, have a nice day as you leave</li> <li>● Make Positive comments</li> <li>● Compliment</li> <li>● Show others how to play new games</li> <li>● Invite others to play</li> <li>● Play with everyone</li> </ul>	<ul style="list-style-type: none"> <li>● Thank teachers and aides for their efforts</li> <li>● Acknowledge when students are following rules, playing fairly or are good at a game</li> <li>● Congratulate teammates and the other team for a good game</li> <li>● Thank other students “thanks for letting me join in”</li> </ul>	<ul style="list-style-type: none"> <li>● Offer to help new students who are unfamiliar with school grounds</li> <li>● Pick up garbage</li> <li>● Put equipment away</li> <li>● Explain the rules of a game if someone is new</li> </ul>	<ul style="list-style-type: none"> <li>● Invite kids who are usually discriminated against or excluded to play with you. Let others join your team no matter what</li> <li>● Encourage students who struggle, “way to go!” “great job” “you’ll get it next time”</li> </ul>
-----------------------	--	--	---	---

### **Classroom-Level Expectations**

Clearly posted and defined expectations that are specific to the classroom environment.

Expectations can be displayed in the Behavior Matrix format with specific behaviors for Safe, Outstanding, Active and Responsible behaviors. Individual classroom rules will change based on classroom and grade level as deemed appropriate by the classroom teacher.

### **Reinforcement**

#### **Building-Wide Reinforcement**

- **Wings Wallet Deposit Slips:** Are recognition slips that can be used in the classroom and school wide events. Deposit slips are given to students along with behavior specific feedback, school-wide. Students can redeem their deposits to purchase items during store days.
- **Soaring Star:** Recognition system for students who consistently, and over time, have shown that they are Safe, Outstanding, Active and Responsible at school. Students who earn soaring star status wear a badge of honor for a week and have access to special privileges. Periodically, the school will host Soaring Star events as a reward for their hard work.
- **Hoorays:** Students who go above and beyond in the areas of Safe, Outstanding, Active and Responsible can be recognized with a “Hooray”. Blank Hoorays are found in the

main office. Staff fills out the Hooray with the student name, location, time, and what the student did to earn the Hooray; the students are announced each Friday over the intercom and given a special certificate.

- **Behavior Boosters:** The PBIS Team helps implement school-wide Behavior Boosters as needed.

### **Classroom-Based Reinforcement**

Reinforcement strategies in classrooms are discussed at Grade Level Team Meetings by teachers. Options for reinforcement can include wings wallet deposit slips incentives, classroom parties, dress down day, movie mania, extra recess, special classroom job etc

### **Consequences**

**Consequences Flow Chart:** When a student is not following the Tier 1 expectations, teachers can utilize the consequence flow chart

(see attached). Teachers can modify as developmentally appropriate per their classroom grade.

## **Tier 2 System of Supports**

All students at Wings Academy have access to Tier 2 supports in addition to Tier 1 supports if they require additional behavioral support. There are several formal and informal systems that Wings Academy uses to intervene on behavior at a Tier 2 level including Check in/Check out (CICO), Breaks are Better (BrB), 3x5/3x3 mentorship, and social skills instruction.

### **Available Interventions**

#### **Check In/Check Out (CICO)**

Check in/Check out is one of two primary behavioral interventions that will be used for students who struggle staying on-task in class without constant behavior monitoring from an adult. It consists of a daily check in with an adult mentor, regular check ins with their teacher and a daily check out with an adult mentor. Students carry a point card and receive points at each teacher

check-in for being Safe, Respectful and Responsible. Any student who positively benefits from increased personalized attention would be a good candidate for this Tier 2 intervention.

### Breaks are Better (BrB)

Breaks are Better is the second primary behavioral intervention. It parallels the format of CICO, but in addition to receiving points for being Safe, Respectful and Responsible, students also receive points for taking appropriate breaks throughout their day. Breaks are structured within the classroom and last less than 5 minutes so that students do not miss instruction. The break routine is taught by the adult mentor or teacher, and is reinforced with points throughout the student's day. Students who regularly avoid work, or benefit from individualized check-ins from adults would likely benefit from this Tier 2 intervention.

### Social Skills

Social Skills is a behavior support for students who have social skills on their Individualized Education Plan (IEP) or have been referred by the Tier 2 or Specialist teams based on an individual student's need. Students are grouped together in small groups with grade level peers to receive instruction. Instruction consists of explicit direction in routines and experiences related to the Safe, Respectful, and Responsible rules of the school as well as use of school wide social skills curricula. Social skills lessons can include topics of communication, friendships, rules of the classroom, etc.

### Counseling

Individual student counseling is available on-site with the school counselor. Students are referred for counseling in a variety of ways, all of which funnel through a parent consent

## **Referrals to Tier 2**

While Tier 2 interventions are available to all students, not all students require additional behavior monitoring in order to be successful in their classrooms. There are many ways that students are identified as needing additional support including: office discipline referral data, attendance data, teacher referral, parent referral or student self-referral.

### Data-Based Decision

When a student is not responding appropriately to school-wide expectations and reinforcement systems or classroom expectations and reinforcement systems (Tier 1 systems), school staff are expected to document this unexpected behavior through Office Discipline Referrals (ODRs).

When students receive 3 or more Major ODRs, the Tier 1 PBIS team will refer a student to the Tier 2 team for additional support.

### Teacher Referral

Often, teachers are the first school staff member to recognize when a student needs a more intensive intervention. When a teacher wants to refer a student to a Tier 2 intervention, they complete the following steps:

1. Review concerns with parent and grade level team
2. Review the student's file and/or contact the previous teacher
3. Complete a referral form
4. Submit the form to the PBIS liaison
5. Expect a follow-up from the Tier 2 team

### Parent or Student Referral

Sometimes students or parents seek out additional support before a staff member does. This could be due to a variety of reasons including: the student was on a point card at their previous school, the student has a friend on a point card or already checks in with an adult mentor, or the parent is looking for more regular feedback about their student's daily performance. For parents or students to make a referral to the Tier 2 team, they would contact their student's teacher, and the teacher will follow-up with a communication form to the team.

## **Selecting a Tier 2 Intervention**

The perceived function of a student's behavior is focused on when selecting an appropriate Tier 2 intervention. For students who seek out adult attention, CICO is typically selected, and for students who avoid work (for any reason), BrB is usually selected. Other interventions such as

social skills, in class interventions, or attendance mentoring are used on a case-by-case basis for students who do not fit traditional Tier 2 patterns.

## **Intervention Guidelines**

### CICO/BrB Procedures

- **Starting Procedure**

Before starting a student on CICO or BrB, the adult mentor/PBIS liaison will meet with the classroom teacher to review the following system procedures:

1. The teacher will call the parent to discuss a move to Tier 2
2. The teacher will collect baseline data for 3 days without checking in with the student
3. Tier 2 team will set a goal based on baseline data (standard is 80%)
4. Coordinator will meet with the student to discuss the details of the intervention
5. Student will begin CICO or BrB

- **Materials Required**

- Point Card
- Break Routine for BrB
- Parent Notification will be sent home.
- Point Tracking Sheet for writing scores each day.

- **Routines**

Below are the steps required for successful implementation of the CICO or BrB interventions:

Activity	Who	What
Check In	Student	<ul style="list-style-type: none"> <li>• Goes to class per normal</li> <li>• Waits for mentor to arrive and remove from class for check in</li> </ul>

	Mentor	<ul style="list-style-type: none"> <li>• Pick up student at their classroom, greet the student and builds a relationship</li> <li>• Gives the student a point card</li> <li>• Discusses student goal or gives advice for problem areas</li> <li>• Encourage positive behavior/ give student a boost</li> </ul>
	Parent	<ul style="list-style-type: none"> <li>• Remind student of expectations for the day</li> <li>• Give them a verbal boost before they leave the house/car</li> </ul>
Check Out	Student	<ul style="list-style-type: none"> <li>• Stay in classroom and wait for mentor to arrive for check out</li> </ul>
	Mentor	<ul style="list-style-type: none"> <li>• Greet the student by name and praise them for coming in</li> <li>• Briefly review the point card (make sure it is completely filled out by teacher)</li> <li>• Debrief any hard parts of their day</li> <li>• End on a positive</li> <li>• Record the points on the Daily Tracking Form and place form in mailbox of data entry person</li> </ul>
	Parent	<ul style="list-style-type: none"> <li>• Greet your child as you typically would</li> <li>• Quickly review their point card</li> <li>• Find any positives to talk about</li> </ul>

- **Point Card Information**

*Schedule Changes*

If the class is going on a field trip, there is a modified schedule or a special event is taking the place of core subjects, points will still reflect behavior during those time periods. A note should be made on the point card indicating what the activity was.

*Absence/Tardy*

If a student is absent, write ‘absent’ on the point card for the time they were gone. If they are late, but attended for at least half the time segment, give points based on the behavior for the time for which they were present. If absent the full day, write absent across the front of the point card and place it in the data entry person’s mailbox.

*Misplaced Point Cards*

If a student misplaces the point card, the teacher or student can request a new one from the CICO/BrB mentor and the teacher can fill it in to the best of their memory. If a student “loses” their point card (and it is believed to be on purpose) they may lose points

for responsibility. If they consistently lose their card (wading up, throwing it away, rip it up, etc.) the student can potentially be removed from CICO because student willingness to participate is a program requirement.

### *Teacher Check-ins*

The key features of CICO and BrB are connection of students with adults at school and regular feedback/instruction on behavior and practice self-monitoring. At Wings Academy, we structure our point cards to reflect 8 class periods and students are rated on Safe, Respectful, Responsible and kind. Teachers should be checking in with their tier 2 students after every period. During this check in, teachers will provide feedback and instruction on behavior during the previous period and pre-correct for behavior during the next period. This also provides the opportunity to develop the relationship and provide positive attention for the student. It is the teacher's responsibility to prompt the student for the check in. Teachers can work on training their students to initiate the check in as a part of developing responsibility. Do not remove points for a student forgetting to check in.

- **Intensifying CICO/BrB**

- If a student has participated in CICO for at least 6 weeks and is averaging a score lower than 80% and meeting their goal on fewer than 80% of school days, the team may recommend intensification of the intervention. The Tier 2 team will analyze the data, and work with the classroom teacher, identify problem areas and determine how to intensify. This might include: increasing the number of check ins by the mentor, establishing a break routine, contextualizing the goals, altering incentive plans, or a referral to the Tier 3 team for individualized behavior support planning.

- **Fading and Graduating**

If a student has met their goal for at least 18 out of the previous 20 days, is averaging greater than 80%, and has zero Office Discipline Referrals then the student becomes a

candidate for fading the intervention. The tier 2 team will reach out to the teacher and together they will determine next steps (fade or maintain).

#### *Fading Phase 2: Partial Self Management*

Students are taught how to evaluate themselves, record their score, and check with the teacher for agreement on their rating. At the end of each period the student approaches the teacher and gets teacher agreement on his/her rating during that time period. If there is a discrepancy between the two scores, the teacher and student should discuss the discrepancy and the rationale for the teacher's score. If the student makes their goal 18 out of 20 days, averages over 80% and receives zero ODRs, the Tier 2 team will discuss a phase change.

#### *Fading Phase 3: Self-Management with Decreased Check-ins*

For this phase, the student will continue to self-manage, and decrease the number of teacher check-ins throughout the day. For the periods that the teacher is not checking in with the student, the student is still expected to fill in their points. If the student makes their goal for 8 out of 10 days, averages over 80% and receives zero ODRs, the Tier 2 team will discuss a phase change.

#### *Fading Phase 3: Full Self Management*

Students in this phase are moving toward self management within all of CICO/BrB. The student records their own scores at each period, but still meets with the CICO/BrB team each morning and afternoon. If the student makes their goal for 8 out of 10 days, the Tier 2 team will discuss GRADUATION!

#### *Graduation*

The Tier 2 team will transition students from the program and have a graduation activity for students who are consistently meeting behavior goals. The CICO/BrB coordinator will closely monitor the data and bring all phase change recommendations to the weekly Tier 2 team. To be ready for graduation, a student must meet their daily point goal for 80% of days, have faded through the phases of the program or met their increased goal,

and have their teacher agree that graduation is appropriate. CICO/BrB alumni are encouraged to check in daily, weekly, or monthly with CICO/BrB staff to receive support and feedback without participating in the intervention.

### **Other Intervention Procedures**

- **Social Skills Boosters**
  - Type of social skills instruction, target skills, length of intervention and data collection will be determined by members of the Tier 2 team on an individual (or small group) basis.
  
- **3x5/3x3 intervention**
  - A mentor meets with the student 3-5 times per week to discuss student progress, give feedback and coaching, and provide an opportunity for relationship building and positive reinforcement. Data sources include: ODRs and teacher reports.
  
- **School Counseling**
  - Once the referral is made to the counselor, the maintenance of the intervention, fading, exiting and other decisions are made through collaboration between the counselor and the parent. The counselor and teachers maintain communication about skills being taught so they can be reinforced between sessions.

### **Instructional Boosters**

Every school year, staff and students need to be re-taught the expectations for participating in Tier 2 interventions. Reminder boosters will also be given in October, January and April.

#### **Student boosters**

The students will be asked a series of questions about the program and how it works. The questions will be provided by the PBIS liaison

### Staff Boosters

Every year during in-service week staff will be trained on the basics of CICO/BrB including what students are right for the intervention, how to refer students, and how to implement the intervention.

## **Tier 3 System of Supports**

For students who require more intensive support than Tier 2, Tier 3 supports will be identified and implemented based on each student's needs. Supports will include but are not limited to the following:

- Higher frequency of supports as listed in Tier 2
- Frequent parent involvement/ weekly meetings to discuss student's progress
- Implementation of FBA and FBP to identify and prevent negative behaviors, teach appropriate behaviors and ensure student's safety
- Referral to outside wraparound support agencies.
