## 2020-2021 ANNUAL REPORT

### Ohio Department of Education State Rankings

All districts and schools typically earn overall letter grades. The overall grade is calculated by using results in the six components: Achievement, Progress, Gap Closing, Improving At-Risk K-3 Readers, Graduation Rate and Prepared for Success. Districts and schools also received A-F grades and/or NR if not applicable on each of the six components.

As a result of COVID-19, the school opened remotely and transitioned to a hybrid model in April 2021. All state testing was required by the Ohio Department of Education for the 2020-2021 school year, but school report cards were issued with no ratings or letter grades. As such, Wings Academy 1 2020-2021 report card reflects 'not rated' in all categories and no overall grade.
