Ohio Department of Education State Rankings

All districts and schools typically earn overall letter grades. The overall grade is calculated by using results in the six components: Achievement, Progress, Gap Closing, Improving At-Risk K-3 Readers, Graduation Rate and Prepared for Success. Districts and schools also received A-F grades and/or NR if not applicable on each of the six components.

All state testing was required by the Ohio Department of Education for the 2021-2022 school year, and school report cards were issued with ratings and letter grades. Wings Academy 1 2021-2022 report card is reflected below:
